RE: Addendum Information for Westerly Recreation Lighting RFQ

**CRAIG FIELD 6 POLES ONLY:**

- **Pole 1: 9 bulbs**
- **Pole 2: 9 Bulbs**
- **Pole 3: 5 Bulbs**
- **Pole 4: 3 Bulbs**
- **Pole 5: 3 Bulbs**
- **Pole 6: 5 Bulbs**
- Installers WILL be able to intercept and utilize existing underground electrical feeders.
- New galvanized steel poles #3-#6 WILL be **re-located** outside the fence. Poles and 1 and 2 will be replaced in the same general area as existing pole.
- Control & Monitoring cabinet are located in the ELECTRICAL CLOSET INDICATED ON THE MAP. CONDUIT RUNS DIRECTLY TO POLE #2 on the attached map. Conduit runs around the outside of the field.
- Existing speakers **DO NOT** need to be replaced.
- REC MAINTENANCE GARY MURANO is responsible for trimming trees along 3<sup>rd</sup> base side
- The POLES can be left on site after installing new foundations near the dumpster. The OBSOLETE BULBS need to be hauled in contractor supplied dumpsters.
- **VOLTAGE: 277/480**
- Performance should be 30 footcandles infield and 20 outfield. Uniformity of 2:1 and 3:1
- 20' x 20' grid spacing
- Project specific spill light readings should be provided, with the bid, to ensure impact on neighboring properties is minimized and will be the same AS AUGIERI FIELD
- SOIL is wet along 3<sup>rd</sup> base line and water will be present as it is close proximity to a wet land.

*Town of Westerly*  
*Rhode Island*

**Pee Wee Football 6 POLES:**

- New conduit on the exterior of the existing poles is needed.
- The Control & Monitoring system is in the Concession Stand House and will be accessible at the time of installation.
- Pee Wee Football is responsible for the structural integrity of the existing poles.
- PADDING NOT NEEDED on the Pee Wee Football Field Poles.
- The practice field lights (alternate bid) **ARE NOT** on the same circuit as the game field lights.
- **240 volt / Single phase**
- **USING EXISTING POLES**

**ALTERNATE QUOTES NEEDED:**

- 1. Quote for Pee Wee Practice Field Lights*
- 2. Quote to replace all existing underground conduit and wiring and infrastructure for Craig Field.*
- 3. Quote to replace all existing underground conduit and wiring and infrastructure for Pee Wee Football Field.*
